

BLUE TEAPOT THEATRE COMPANY

**A visual guide to planning your trip to visit
Blue Teapot Theatre Company**

This is our building in Munster Avenue

This is the door you will enter.

This is the space you will wait with your teacher before the drama workshop begins at 10:30am

Here is where you will leave all your coats
and bags.

This is the door you will use to enter the theatre space for your drama workshop.

What is a theatre space?

It is where a performance takes place, for example a play or where a band would play music on a stage.

Every theatre looks different, this is what Blue Teapot's theatre space

looks like

There will be some music playing
in the theatre.

In the theatre you will meet the Blue Teapot Theatre workshop leaders.

They will bring you into the room and you will be asked to stand in a circle and play fun games.

After the workshop you go back into the first room you entered where your bags are kept.

If you need the toilet after the workshop, this is the door you will use in theatre.

Once you go through the door, you will see this hallway.

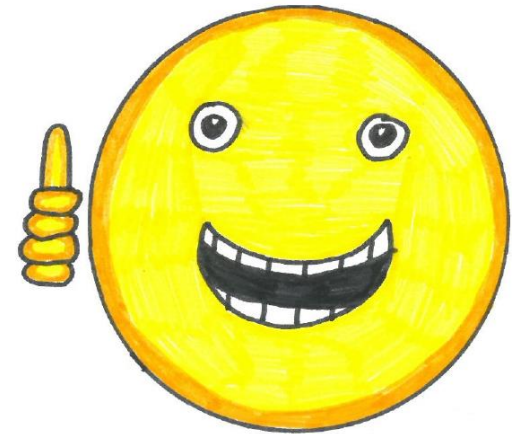

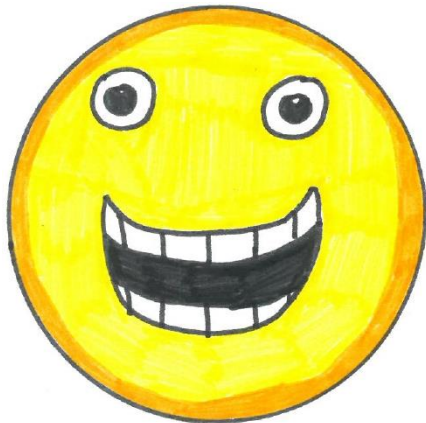

At the end of the hall there are two toilets.

To turn the light on in the toilets, you pull this white string that is inside the door.

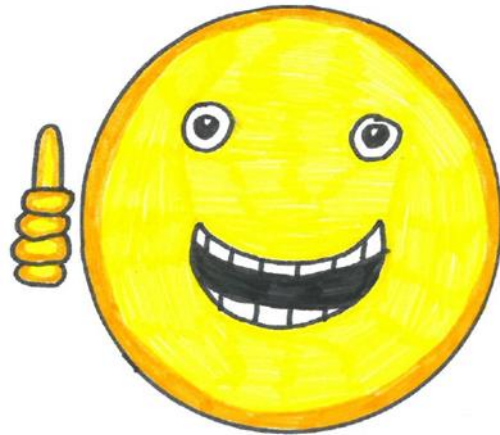

Before you go, we will talk about the workshop and your experience.

After we have a chat about your experience, we will say our goodbyes and you will go back to school with your teachers

Good,
Bye!
